STANDARD CONSTRUCTION

HEIRLOOMING

Add character and depth to select finishes with over-sanding on edges and profiles for a naturally worn-to-the-wood appearance that says old world charm. Available in the following finishes: Black, Forest Floor, Juniper Berry, Maritime, Oasis, Storm and Tidal Mist. Not available on Prestley. See your designer for availability on trim pieces.

DISTRESSING

Our distressing technique creates a finish with unique and appealing imperfections, such as dents, wormholes, chisel marks and other natural wear signs. Available on solid raised panel doors: Ainsley, Asbury, Brinkman, Campbell, Chanley, Cortland, Essence, Galena, Gentry, Harmony, Harper, Noble, Palmer, and Parker. Not available on Coconut, Dover, Pearl or White.

Schrock® construction materials start with high-quality furniture board, a choice material commonly used throughout the industry, as standard. However, when plywood is desired, Schrock offers various options that meet your budget and project requirements.

*All plywood components meet ANSI/HPVA HP-1 standards, and may contain MDF or particleboard.

† Cabinets with limited interior visibility, such as Drawer Bases (2DB..., 3DB..., 4DB...), may have laminated plywood cabinet interior.

- PLYWOOD* ENDS**
